

# Our Custom Medical Stop Loss Solutions

Helping you create lasting relationships with clients

More employers are looking at self-funding to provide health benefits to their employees. Offer them a solution from a brand they can trust.

## Your clients will benefit from:

- Financial stability and ability to manage claims costs more effectively
- Greater access to cost drivers
- More control over medical coverage offerings

## Our full suite of medical stop-loss solutions includes:

Traditional self-funding	Flexible plan designs and lower administrative costs lead to expense reductions for employers
Level funding solutions	Employers get the flexibility and cost-saving opportunities of self-funding with the fixed and predictable monthly costs of a fully insured plan
Group captives	Pooling exposure with many other midsize companies helps employers minimize risk
Referenced-based pricing	Claims are paid according to a percentage of the Medicare schedule rather than utilizing a traditional PPO network
Target Market	Flexible plan designs and lower administrative costs lead to expense reductions for employers

## Consider Nationwide for your clients' stop-loss needs.
